ABOUT BEAVER DAM WOODWORKS

Beaver Dam Woodworks is a family operated business that has been in business for almost 25 years. Through his hobby of making lawn décor our founder has turned his passion into a business, making products that our customers can enjoy for years to come.

It is our goal to provide ever-expanding lines of nautical décor and furniture, and our customization options are as limited as your imaginations. We will accomplish this by treating our customers, employees, suppliers and community with respect and concern using Godly principles.

The values at Beaver Dam are integrity, humility, innovation and service. We will practice and use these traits to the best of our ability in assurance to making things a smooth process and at the end creating customer satisfaction.

We hope you are inspired by our wide range of products that are designed to enhance your outdoor or indoor space.

WHY BEAVER DAM?

Beaver Dam products are made with care, crafted from Tangent sustainable poly lumber. A few products are available in wood. Not only do we create pieces for your preferred outdoor space but also take part in preserving the earth by using 95% recycled content for manufacturing.

Color options

With many color choices this gives various options for different color combinations to match each setting, whether it be by the water or in your back yard.

Weather Resistant

All products are made to withstand the tough weather elements. With each season you will be able to enjoy the quality, comfort and assurance of the lasting of the product. Poly lumber has the endurance to withstand the harshest weather elements of all.

Niche Product

The variety of unique furniture and nautical décor is what Beaver Dam is recognized for. Servicing you with niche product for your niche space is our goal, assuring customer satisfaction.

Warranty

Feel secured with warranties on our furniture. It is Beaver Dam showing confidence in the lifetime expectancy along with long-term satisfaction.

Stainless Steel Fasteners

The 316 marine-grade fasteners used will significantly reduce rust even with salt water exposure, optimizing lifetime on each product.

Hidden Fasteners

Have the pleasure of the knowing your furniture has very minimal visible screws, enhancing the look of each piece.

TANGENT[®]

SUSTAINABLE LUMBER

TANGENT POLY LUMBER

Tangent, as a premium plastic lumber, delivers unrivaled performance. It's our top choice for durable, low-maintenance outdoor products. The UV-protected, insect-resistant material won't splinter, crack, chip, or rot, ensuring a long-lasting, pristine appearance. Easy to clean and impervious to mold and bugs, Tangent lumber offers superior impact resistance compared to wood. With a range of vibrant colors and embossed finishes for aesthetics and slip resistance, it is not only practical but also environmentally responsible, featuring recycled content that meets FTC Green Guidelines and is certified by GreenCircle for sustainability.

Durable: It will not splinter, crack, chip, peel or rot and is impervious to insects.

Color Stable: Rich colors stay brilliant thanks to built-in UV protection.

Low Maintenance: No painting, staining, or waterproofing required.

Easy to Clean: Does not stain and is easily cleaned with soap and water.

LIGHTHOUSES

Are you looking to add a unique touch of character to your outdoor space? If so, then a decorative lighthouse for your yard is a perfect choice. Whether you want to add a touch of class to your garden or create a unique focal point for your backyard, custom garden lighthouses are a great way to make your outdoor space stand out.

At Beaver Dam, we offer a variety of handcrafted and custom-made lawn lighthouses that come in a range of sizes and colors. Whether you're looking for wood, poly, or hybrid lighthouses or even stone lighthouses, we have it all. Constructed from the finest range of materials, each piece represents the love and care that permeates the Beaver Dam brand.

HOW TO CHOOSE YOUR *Perfect* LIGHTHOUSE

**STEP 1:
CHOOSE YOUR MATERIAL**

**STEP 2:
CHOOSE YOUR SIZE**

**STEP 3:
CHOOSE YOUR STYLE**

MATERIALS

POLY

Our Poly lighthouses are maintenance free and will not splinter, crack, or fade and never need painting. They are environmental friendly and made from a recycled material.

Choose from a variety of colors and styles to create the Lighthouse of your dreams!

HYBRID

Our Hybrid lighthouses are made with a Poly top, wood center, and a Poly plate or base. Since the top and bottom are the first to feel the effects of the elements, the Hybrid lighthouse is built to stand the test of time.

Along with the Poly top and bottom, which are maintenance free, you also have the option of a striped and painted scheme.

WOOD

Our wood lighthouses are built from MDO (medium density overlay) , an outdoor sign board that is weather resistant and will last years to come.

AZEK

Our painted Azek lighthouses allow for the durability of PVC and the creativity of a painted design.

Select from an array of captivating colors and enchanting styles to bring the Lighthouse of your dreams to life!

STONE

Our stone lighthouses are durably constructed and attractively designed to mimic the look of a real lighthouse. If you have always been drawn to lighthouses and you would like to have one of your own, our lifelike and real stone lighthouses make the perfect choice. We have a variety of different color combinations to choose from including ivory, black, gray and cherrywood lighthouses.

Attracting birds to your yard is a fun way to get closer to nature and improve your bird-watching skills.

One of the best ways to do this is to install a bird feeder. Bird feeders come in a variety of styles and sizes, so you can choose one that best fits your needs. You can also choose from a wide variety of seeds to attract different types of birds. To attract the most birds, try a mix of seeds that includes sunflower seeds, millet, and safflower seeds. Make sure to keep the bird feeder clean and refilled with fresh seed regularly. By following these simple tips, you can enjoy watching birds up close in your own backyard.

Our bird feeders are designed with convenience in mind, featuring 8 compartments in the large size and 4 in the small size. These compartments are easy to remove and clean, ensuring a hassle-free maintenance experience. These birdfeeders and houses can be mounted on a 4x4 post.

Available colors are red and green.

Optional numbers are available at an additional cost with up to 4 digits on large buoys and 2 digits on small buoys - perfect for your house number.

LIMITED WARRANTY

Beaver Dam warrants only products as indicated below.

Beaver Dam warrants to the original consumer purchaser that its outdoor polyethylene patio furniture is free of defects of workmanship and materials. The warranty period is (20) years of residential use and (5) years of commercial use, with exceptions of certain parts explained below, from the date of sale. This warranty does not cover damage caused by unauthorized service or repair; alteration or abuse, normal wear and tear on materials, or any attempt to use the product in a manner or for a purpose other than for which it is intended. Beaver Dam will repair or, at its option, replace the defective product without charge. Should Beaver Dam choose to replace the product, and the product is discontinued, a substitute product of similar function and equal or greater value will be made. The sole remedy provided in this warranty is repair or replacement of this product. Any cost of shipping or handling will be paid by you.

Polyethylene may scratch during normal use, fade slightly from exposure to sunlight, or stain after prolonged contact with liquid substances. These conditions are not defects and are not covered under this warranty.

Stainless steel fasteners are warranted to not fail structurally for the applicable warranty period if properly maintained. Swivels are warranted for (5) years of residential use. This warranty does not cover rusted fasteners or swivels, or structural failure due to rusted fasteners or and swivels, resulting from improper maintenance.

Beaver Dam has a (1) year warranty on all lighting accessories, this warranty does not cover damage caused by mishandling or abuse.

Beaver Dam makes no warranties other than those which are expressly described therein. All Nautical Décor products are excluded from any warranty, such as lighthouse, windmills, wishing wells, etc. This warranty mainly applies to outdoor poly furniture.

To file warranty claim, contact your dealer. Your claim must explain the nature of the defect and include your name, address, and telephone number. This warranty gives you specific legal rights and you may have other rights which vary from state to state., as defined by federal law. This is a limited warranty.

PRODUCT CARE

All poly lumber products do not need to be painted due to being built with recycled plastics and pigmented colors. It will not splinter or rot, fading may happen very slightly over years. Wood products may need repainting after many years.

CLEANING:

Pencil Marks - Use a mild dish detergent and water to saturate the stain. Rinse clean with water.

Ink/Marker - For tougher stains, treat area with a penetrating oil. Wipe off and wash clean with water and a mild dish detergent.

Grease or Oil Stain - Use a mild dish detergent and water to saturate the stain. Rinse clean with water.

Embedded Dirt - Use a mild dish detergent and water to saturate the stain. Rinse clean with water.

Wine - Use a mild dish detergent to saturate the area. Scrub with a soft-bristled brush. Rinse clean with water.

Chewing Gum - Use a mild dish detergent to saturate the area. Scrub with a soft-bristled brush and rinse clean with water. Coat penetrating oil over the area. Gently pry up on any hard pieces with a plastic putty knife. Utilize a soft brush and acetone solvent to remove any fine debris and clean out any crevasses. Rinse area clean with water.

Bird Droppings - Use a mild dish detergent to saturate the area. Scrub with a soft-bristled brush and rinse clean with water.

Stains & Scuffs - A foam eraser sponge may be used for stubborn marks. Iron or Rust - For tough iron and rust stains, saturate with a heavy-duty rust remover and scrub with a soft-bristled brush.

When Using Power Washer - If using a high-pressure power washer, do not exceed 1500 PSI. Please note, some tips may damage the product. We suggest testing on the underside of the product until satisfied.

BEAVER DAM PRODUCTS ARE BUILT TO LAST FOR YEARS TO COME!
